Deb Thomas indicated at SLT that she had a conversation with Todd Parfitt, WYDEQ, and he stated that they may/are likely to come meet with us this week (or next) to discuss the Pavillion Domestic Well Palatability Study. I will not be in and won't be able to participate by phone on Thursday or Friday. Sandy can sit in for me if that is acceptable. Can you all provide Deb and Joan an indication of whether you are in this week and next as soon as possible?

Ex. 5 - Deliberative Process
